PUNCAK- The Infantry Battalion Task Force (Satgas Yonif) Raider 323/Buaya Putih Kostrad, part of the HABEMA Operations Command in Papua, continues its mission in securing the RI-PNG border. As part of their outreach efforts, the task force is instilling **discipline, teamwork, and patriotism**

in local youth through **marching practice (PBB)** at **SMA N 1 Ilaga, Kago Village, Ilaga District, Puncak Regency, Central Papua**, on **Monday (10/02/2025)**.

Task Force Pasiter **Letda Chk Dani**, who led the training, emphasized the **importance of character building and discipline** from an early age. **"This training is not just about marching drills; it teaches students about discipline, teamwork, and synchronization. There is an art to moving in unison, which builds a sense of unity and cooperation,"** he explained.

While their primary duty is maintaining security and stability in **Puncak Regency**, the **Mobile Task Force Yonif 323/Buaya Putih Kostrad** also plays a crucial role in **shaping the next generation** of Papua's interior youth. The training was designed to be **interactive and engaging, incorporating games** to maintain the students' enthusiasm and boost their confidence.

**"Through this training, we aim to inspire and equip these students with essential life skills. By learning marching drills, they also develop a spirit of patriotism and nationalism from an early age,"** Letda Chk Dani added.

## **TNI's Commitment to Papua's Development**

HABEMA Commander **Major General TNI Lucky Avianto** highlighted that this initiative is part of **TNI's broader mission to support community development** and contribute to **Papua's growth and stability**.

**"The efforts of Task Force Yonif 323 Kostrad in training students at SMA N 1 Ilaga reflect TNI's dedication to serving the community and accelerating development in Papua,"** he stated.

This initiative not only strengthens **discipline and unity** among students but also reaffirms **TNI's presence as a protector and mentor** for the people of Papua, ensuring a brighter and more resilient future for the next generation.
